

Dr. (Prof.) K.C. Sharma

Prof. K.C. Sharma is a renowned academician and researcher with an extensive background in the field of environmental science and ecology. He retired as a Professor, Head of the Department, and Dean of the School of Earth Sciences at the Central University of Rajasthan in June 2015. With over 45 years of teaching experience, he has made significant contributions to the field of botany, ecology, and environmental science.

Throughout his career, Prof. Sharma has held various prestigious positions, including Vice-Chancellor of MDS University Ajmer and Dean of Academics at the Central University of Rajasthan. He has also served as a member of several government bodies, including the Environmental Appraisal Committee for Rajasthan and the Rajasthan State Environment & Health Board.

Prof. Sharma's research contributions are extensive, with over 100 papers published in national and international journals. He has supervised numerous Ph.D. and M.Phil. candidates, supervised scholars under UGC and CSIR projects, and the National Remote Sensing Agency.

His expertise has been recognized globally, leading to academic visits to countries like the United States, Germany, Singapore, and Thailand. Prof. Sharma has also established collaborations with esteemed institutions worldwide, including the Swedish Meteorological and Hydrological Institute, Asian Institute of Technology, and Water Resource University Thugloi.

As a distinguished speaker, Prof. Sharma has been invited to national and international conferences, workshops, and seminars. He has also authored and co-authored several books and reports focusing on topics such as biodiversity, climate change, and restoration ecology.

Prof. K.C. Sharma's passion for environmental science and dedication to academia have earned him fellowships in esteemed societies such as the Indian Association of Environmental Management, Indian Institute of Ecology, and International Society of Environmental Sciences. He continues to contribute to the academic community as a member of editorial and advisory boards for various Indian journals.

With his wealth of knowledge and experience, Prof. K.C. Sharma is a sought-after speaker and a valuable asset in the field of environmental science and ecological research.
